

# Michigan Juvenile Justice Re-Entry

MPHI serves as the care coordination agency of Michigan's Juvenile Justice Re-Entry Program. MPHI works with partners and communities to improve successful transitions of youth from Bay Pines Center and Michigan Youth Treatment Center (MYTC) into their local community. By planning for a youth's transition and providing clear connections to supports and services, MPHI and the community position youth to succeed and lead productive and independent lives. Success in this mission enables our youth to achieve a higher quality of life and keep our communities safe for everyone.

Our core values of **Servant Leadership, Health Equity and Social Justice, Authentic Relationships,** and **Quality and Excellence** drive every MPHI initiative.

MPHI serves as the care coordination agency of MDHHS' Juvenile Justice Re-Entry Program.

MPHI improves transitions for youth from residential facilities into their local community.

MPHI and the community position youth to succeed and lead productive and independent lives.

To refer youth to the juvenile justice re-entry program please visit the [Michigan Juvenile Justice Re-Entry Website](https://jjre.mphi.org) (URL: <https://jjre.mphi.org>) and download the PDF forms before filling them in.

*Please complete the referral forms and email them to:*
